

RAMSOL® SANITISER RANGE

ACTIVE PROTECTION FOR YOU

- A BRAND OF QUIN GLOBAL -

WHY RAMSOL ?

On the 11 March 2020 WHO declared COVID-19 a Global Pandemic.

Source; **WHO** Website: “Deeply concerned both by the alarming levels of spread and severity and by the alarming levels of **inaction**, **WHO** made the assessment that COVID-19 can be characterised as a pandemic.”

This was something the world hadn’t seen for decades.

The Values of Quin Global contain “ Care and value for others” this is not just in our organisation here at **Quin Global** but humanity across the globe.

Quin Global had to do something, to help in whatever way possible.

WHAT IS RAMSOL®?

Ramsol® Sanitiser Disinfectant Spray is a highly effective Virucidal Surface Disinfectant, containing QUATERNARY AMMONIUM ACTIVE BIOCIDES in a completely NON-FLAMMABLE pre-pressurised canister and aerosol system, making it the fastest disinfectant application system in the world for all hard and soft surfaces.

TESTED AND APPROVED

The ingredients are accredited and conform to **BS EN 1276**, **BS EN 1650** and **BS EN 14476** standards. **Ramsol® Sanitiser Disinfectant Spray** has been tested effectively against small non-enveloped viruses (Hardest-to-kill category). Viruses in this category can include Poliovirus, Norovirus and Feline Calicivirus. The ingredients have also been tested effectively against enveloped viruses (easiest-to-kill category). Viruses in this category can include Coronaviruses and Type A Influenza's, in our latest efficacy study it has been proven to be effective against Coronaviruses, including SARS-CoV-2 which is the cause of Covid-19.

Efficacy study available upon request.
